March 2014

Dear Parents,

We welcome you and your kindergarten student to East Elementary School for the 2014-2015 school year! We are happy to have your child in our school. We hope this information will be helpful as you register your child for school. This letter informs you of the Utah Law that deals with immunizations.

To attend Utah schools, students must have a certified birth certificate (not a hospital issued birth certificate) and an appropriate immunization record from a licensed physician or health department as required under Utah code Section 53A-1-303.

The following immunizations are required for entering kindergarten students, Fall, 2014:

- * 4-5 doses of DtaP/DT/DTP (4 are acceptable if the 4th dose is given on or after the 4th birthday).
- * 3-4 doses of Polio vaccine (one dose must be after the 4th birthday)
- * 2 MMR vaccines. The first dose must be given on or after the first birthday.
- * 3 doses of HEPATITIS B vaccine.
- 2 doses of HEPATITIS A vaccine. The first dose must be given on or after the first birthday.
- 1 dose Varicella (Chicken Pox) given on or after the first birthday. A history of having had the disease is acceptable. A parent must sign the verification statement on the school immunization record.

To attend school, all children must be properly immunized or on a current immunization schedule. No grace period is allowed.

It is important for teachers and students to start school the first day. Please be sure your child is in school, with proper proof of immunizations.

Thank you for your cooperation.

Principal

School Nurse

YOUR CHILD NEEDS THE FOLLOWING ITEMS TO ATTEND KINDERGARTEN:

SOCIAL SECURITY NUMBER

BIRTH CERTIFICATE (State certified)

IMMUNIZATIONS
